Korean Journal of Sport Biomechanics

Vol. 28 No. 3 September 2018

The Korean Journal of Sports Biomechanics, launched in 1991, is the official journal of the Korean Society for Sport Biomechanics. The abbreviated title is KJSB. The Journal focuses on studies and reports on all aspects of sports biomechanics to provide comprehensive scientific bases for sports biomechanists, physicists, engineers, and sports scientists. It publishes invited reviews, original articles, case reports, and technical notes to the editor.

All contents of the KJSB are freely available on the Web. Digital files can be read, downloaded, and printed for free. Scientists or researchers throughout the world can submit their manuscripts that cover topics within the scope of the Journal. Only manuscripts that are original, have not been published elsewhere, and are not currently being considered for inclusion in another publication will be considered for publication in the KJSB.

The KJSB is published in English, with quarterly issues released in March, June, September, and December of each year.
All manuscripts submitted to the journal are peer reviewed.
The KJSB is indexed on the Korea Science and Google Scholar Web sites. Manuscript should be submitted via the online Web site (http://neoses-jsb.isway.co.kr/).

Electronic Links
Full texts of the KJSB are available on the website: www.e-kjsb.org
The KJSB has been indexed and summarized in the database: Korea Citation Index(http://www.kci.go.kr), Korea Science Citation Index Service(http://ksci.kisti.re.kr), DOI/Crossref and DBPIA (http://dbpia.co.kr).

Indexed/Tracked Covered by KCI and DOI/Crossref

Subscription Information
The KJSB is also free to all members, libraries, and other relevant institutions worldwide. Full texts of manuscripts are available on the association's Web site (http://www.e-kjsb.org).
